

The Healer Foundation's Diploma in Healing

A course of study from the Kingfisher School of Energy Studies

A course formulated with Love, Compassion, Ethics and Care
Love of Holistic Practice: Compassion for Freedom of spirit and the Light of the Soul
Ethics in the Healing Profession &
Care for the understanding of Humanity and Cosmic Consciousness

This extensive, well produced, professional course embraces up to date thinking, evolving philosophies and ethical practice within the complementary, therapeutic and energy medicine field.

With commitment and dedication from the tutors, we ask for the same from trainees including time, understanding, compassion and perception.

Aligning with the new consciousness, we encourage constructive, forward thinking and maintain ethical healing methods.

The compassionate concepts and care in the course wholeheartedly embrace self development and confidence building. Our aims are to enable and empower individuals to develop personally and professionally, in line with energy healing and cosmic awareness.

Our philosophy and teachings establish a range of wide productive skills that form a basis of successful, professional practice.

Format:

1. A series of mandatory modules over a minimum time period of 2 years - this may be extended according to personal needs & commitments
2. An additional selection of allied workshops and courses that offer personal choice
3. Home study, reading and case studies
4. Mentor support & personal development throughout the course

Registration and certification

The course and school is supported by and registered with
The Healer Foundation and
The BCMA: British Complementary Medicine Association
